

# #DISASTER READY

## QUICK EVACUATION CHECKLIST

### PREPARE TO LEAVE

- Stay calm, gather everyone, and quickly but clearly run through your plan.
- Make sure everyone has an 'assignment' and have one person in charge.
- Emergency kit (grab and go bag) ready?
- Ensure all keys + mobile phone and charger kept on your person.
- Does everyone have appropriate clothing on for the situation?
- Do you have your pets and animals ready, and suitable containers leads for transport?
- Make sure your car is facing the escape route, packed and ready to go. If on foot, don't overload yourself with things to carry and know what route you are taking.

### EVACUATING

- Before you leave, is everyone together, calm and informed of the plan?
- Do you know your escape route out of the area?
- What are your back up options if primary route out is cut off?
- Visibility may be reduced, and hazards might be in your path. Be very aware of your surroundings as you move and do not lose focus of safety.
- Follow instructions of officials.
- Move with purpose to your safety area or evacuation zone.
