

#DISASTER READY KNOW THE HAZARDS IN YOUR AREA

To use the #Disaster Ready hazard map:

1 Go to www.disasterready.org.za where you will find a link to the map on the homepage. Read and then Click 'I agree' on the disclaimer.

2 Use the Hazard Information Layers to view each hazard and see if that impacts you at home, work, school, etc.

- Click on the green box in the Hazard Information Layer top left to highlight the areas where the hazard occurs.
- Click off and then click on another layer to view a different hazard.
- Click the (i) button to see more detailed information on the hazard.
- Click the link at the bottom of this pop-up window to go to the **DisasterReady.org.za website**.
- Click on the down arrow next to the (i) to view information on how the data was gathered.
- Use the + and – buttons to zoom in and out on the map.
- Use the  (magnifying glass) icon to search for an address.
- Use the  button to see where the evacuation centres are.
- A pop-up window will describe how to use the map to locate your closest evacuation centre. Use this tool before an emergency or disaster to plan for evacuations.
